

Approved List of CE Courses (as of May 25, 2016)

Offered through AECdaily.com – worth 2 CE credits each

Access Door Considerations & Solutions
Advantages of Cold Applied Roofing Systems
An Introduction to Priming
An Overview of Commercial Rolling Door Products
An Overview of Masonry Mortars
An Overview of Pest Bird Deterrent Systems
Architectural & Security, Gate & Fencing Systems
Cementitious Materials in Concrete: Performance & Sustainability
Coating of Aluminum Extrusions
Coatings for Steel Railing & Fence Systems
Color Foundations
Concrete Restoration, Joint Treatment and Crack Repair
Controlling Moisture Movement In Buildings: The Complete Air Barrier Approach
Durability in Commercial Roofing Assemblies
Effective Waterproofing
Exterior Perimeter Steel Pedestrian Security Gates
Factory Prefinishing of Exterior Building Materials
Green Roof Design Considerations
Introduction to Radiant Heat
Introduction to Firestopping
Metal Roof Systems: Design & Installation Considerations
Moisture Management in Residential Walls
Paint 201: Practical Solutions and Problem-Solving Techniques
Paint Technology: Chemistry and Performance
Promoting Tree Health in Urban Environments
Recycled HDPE Plastic Lumber: Performance Characteristics & Applications
Rooftop Pipe and Equipment Support Systems
Rust Prevention 101
SBS Modified Asphalt Roofing and Underlayment Systems
Selecting & Specifying a Railing System for Your Building Project
Slate Roofs in America: An Enduring Architectural Statement
Solving Architectural Noise Problems
Sustainable Water and Stormwater Management
The Design Advantages of Synthetic Roofing Solutions
The FRESH Approach to Choosing Exterior Colors
Trash, Recycling, & Linen Chutes: Components and Installation
Use of Coatings to Prevent Mold and Mildew Damage
Using Water Repellents to Prevent Water Intrusion into Above-Grade Masonry
Walkable PVC Roof Deck Membranes
